Employment Record:

January 2018 to date: Project Officer - SDF Global Pty Ltd

India has been with SDF since January 2018. She assists the Operations Manager and Executive Director with projects based both locally and internationally. India conducts research, literature/document review, data collection and analysis, as well as, the writing of reports and other key documents. She works closely with the Sustainable Development Goals with a focus on monitoring and evaluation. Her duties include administration, business communication, professional and technical support, business development, and liaising with stakeholders. India has worked across a wide range of sectors, including; capacity building, industrial development, environmental and social safeguards, monitoring and evaluation, community support services, transport, youth employment, and more. She has experience using a range of qualitative data collection tools, including surveying and interviewing. India has an excellent working knowledge of a wide-range of multilateral organisations and international finance institutions, including the Asian Development Bank, the World Bank, the United Nations, and the Department of Foreign Affairs and Trade.

November 2017 – January 2018: Intern – Perth USAsia Centre

India assisted staff at the Centre with research and data entry for their upcoming 2018 symposiums on Japan and the United States. She conducted geopolitical analysis, research and drafted a blog post for the Centre's website on Australia's relationship with the US and China. India also helped staff with the management of round-table events which hosted senior members of the business and political community in Perth.
